

DCNR Playground Grant:

The new playground is now complete. The borough is very excited to see all the children in the borough make use of the new safe play area and pavilion. Keep an eye out for details about reserving the pavilion for special events. More details to come.

CDBG Grant

The borough has chosen Gordon Brown and Associates to take the lead on this project of replacing the handicap ramps on Main Street and install a new handicap ramp at the corner of Main Street and High Street. The project will be put out to bid with construction to take place sometime over the summer / fall.

POOL INFORMATION

Please keep in mind that any pool over 24" in height needs to have a zoning, stormwater and building permit and a barrier. If a pool

is a vertical 48" the pool itself can be the barrier if it has a removable ladder or a lockable ladder. Please note that the 48" inflatable pools are not a vertical 48" and would require a barrier. Please contact the office to obtain a permit application for a pool installation.

In person worship

COMMUNITY EASTER EGG HUNT

& CHILDREN'S CARNIVAL

SATURDAY, APRIL 16TH 11:00 AM

Felton Community is coming together for a **Children's Easter Extravaganza**. There will be hotdogs, pizza, drinks and other foods for your enjoyment. Games like "Spin The Prize Wheel", "Plingo", and others for wholesome family entertainment. Games will be available at 10:30 am.

There is no preregistering, no admission, and no fees to eat, hunt, or play. Sunflowers can be planted by all children during the event. Kids bring your parents and parents bring your kids. All are welcome!

The event is sponsored by Mignano's Pizza and Subs, Bethany UMC, and Sonlight Chapel. Call 717-501-5320 for more information.

Grass & Weed Ordinance ~ Ordinance 2008-01 regulates the growth of weeds, grass and similar vegetation, not grown for agricultural purposes, establishes procedures for violations and provides penalties for the violation thereof. Ordinance states that you will only be notified one time per season for any violations of this ordinance. If you receive one notice and you violate the ordinance a 2nd time, a citation will be filed against the property owner without any further notices. As a reminder, any grass, weeds, or similar vegetation exceeding six (6) inches in height is a violation of this ordinance.

Trees, Shrubs, Hedges Ordinance ~ Ordinance 2006-03 regulates the planting, removal and maintaining of trees, shrubs, hedges, and other vegetation and obstructions along public ways; requiring clearance of streets and sidewalks. Due to safety concerns, it is the responsibility of every homeowner to keep all trees on or in front of their property, with branches extending over the cart way of any public road, street or alley, trimmed or cut and kept trimmed or cut, such branches and limbs thereof so extending so as to maintain a clearance of 14 feet above the roadway of any street or alley and 8 feet above the sidewalk. Also, to keep all trees, shrubs, hedges, and other vegetation within the public right away, trimmed or cut so as not to obstruct the vision of motorist or interfere in any manner with the public or governmental use of any public street or right away.

Tickborne Disease Prevention

Before You Go Outdoors

- **Treat clothing and gear** with products containing 0.5% permethrin. Permethrin can be used to treat boots, clothing and camping gear and remain protective through several washings. Alternatively, you can buy permethrin-treated clothing and gear.
- **Use Environmental Protection Agency (EPA)-registered insect repellents** containing DEET, picaridin, IR3535, Oil of Lemon Eucalyptus (OLE), para-menthane-diol (PMD), or 2-undecanone. EPA's helpful [search tool](#) can help you find the product that best suits your needs. Always follow product instructions.
 - Do not use insect repellent on babies younger than 2 months old.
 - Do not use products containing OLE or PMD on children under 3 years old.
- **Avoid Contact with Ticks and Mosquitoes**
 - Avoid wooded and brushy areas with high grass and leaf litter.
 - Walk in the center of trails.

After You Come Indoors

- **Check your clothing for ticks.** Ticks may be carried into the house on clothing. Any ticks that are found should be removed. Tumble dry clothes in a dryer on

high heat for 10 minutes to kill ticks on dry clothing after you come indoors. If the clothes are damp, additional time may be needed. If the clothes require washing first, hot water is recommended. Cold and medium temperature water will not kill ticks.

- **Examine gear and pets.** Ticks can ride into the home on clothing and pets, then attach to a person later, so carefully examine pets, coats, and daypacks.
- **Shower soon after being outdoors.** Showering within two hours of coming indoors has been shown to reduce your risk of getting Lyme disease and may be effective in reducing the risk of other tickborne diseases. Showering may help wash off unattached ticks and it is a good opportunity to do a tick check.
- **Check your body for ticks after being outdoors.** Conduct a full body check upon return from potentially tick-infested areas, including your own backyard. Use a hand-held or full-length mirror to view all parts of your body. Check these parts of your body and your child's body for ticks:
 - Under the arms
 - In and around the ears
 - Inside belly button
 - Back of the knees
 - In and around the hair
 - Between the legs
 - Around the waist

Tick and Mosquito Bite Prevention

TREAT SHOES AND CLOTHING WITH PERMETHRIN TO PREVENT TICK AND MOSQUITO BITES

Permethrin is an EPA registered insecticide that can be applied to clothing, shoes and gear. Permethrin kills ticks and mosquitoes on contact.

- Permethrin can be purchased in sporting goods stores, department stores, online
- Permethrin should be applied in a well-ventilated area
- Permethrin may be applied to clothing, shoes, sleeping bags, tents, backpacks and other gear
- Permethrin should not be applied to skin
