The Felton Borough Council has received information from the North Hopewell Police Department to provide part time coverage for the borough. We currently are covered by the PA State Police 24/7. If the borough were to contract with North Hopewell Police, they would be available to take calls in the borough 12 – 16 hours per day and the PA State Police would cover the remaining hours. NH Police Department would be able to do traffic and ordinance enforcement. The cost to the borough would be approximately \$25,000 a year. This could be done without an increase in taxes.
