

**FELTON BOROUGH  
YORK COUNTY, PENNSYLVANIA**

---

**ORDINANCE NO. 2008-04**

---

**AN ORDINANCE OF FELTON BOROUGH, YORK  
COUNTY, PENNSYLVANIA, ESTABLISHING A SEWAGE  
MANAGEMENT PROGRAM FOR THE CONSTRUCTION,  
OPERATION AND MAINTENANCE OF INDIVIDUAL AND  
COMMUNITY ON-LOT SEWAGE SYSTEMS WITHIN THE  
BOROUGH, AND PROVIDING PENALTIES FOR THE  
VIOLATIONS THEREOF.**

**BE IT ENACTED AND ORDAINED**, and it is hereby enacted and ordained by The Borough Council of Felton Borough, York County Pennsylvania, as follows:

Section 1. Short Title.

The Ordinance shall be known and may be cited as the "On-Lot Sewage Management Ordinance of Felton Borough".

Section 2. Authority.

The legislative authority for this Ordinance is the "Pennsylvania Sewage Facilities Act", Act of January 24, 1966, P.L. (1965) 1535, No. 537 (35 P.S. 750.1 *et seq.*).

Section 3. Purpose.

The purpose of this Ordinance is to protect the public health by preventing the discharge of untreated or inadequately treated sewage into the soil or waters of the Commonwealth from on-lot individual or community sewage systems by regulating the design, construction, alteration, repair, rehabilitation and replacement of such systems through a permitting, maintenance, inspection and enforcement process. This Ordinance is intended to implement the provisions and requirements of the Pennsylvania Sewage Facilities Act and the regulations promulgated by the Department of Environmental Protection pursuant to that Act.

Section 4. Definitions.

(a) General Terms. In the interpretation of the Ordinance, the singular shall include the plural and the masculine shall include the feminine and the neuter.

(b) Specific Terms. For the purposes of this Ordinance and unless the context clearly indicates otherwise, the following words and terms shall have the following meanings.

ACT – The Pennsylvania Sewage Facilities Act. (35P.S. 750.1 *et seq.*)

AUTHORIZED AGENT - A licensed sewage enforcement officer, professional

engineer or sanitarian, plumbing inspector, soils scientist, or any other qualified or licensed person who is delegated to function within specified limits as the agent of the borough council of Felton Borough to carry out the provisions of this and other ordinances of the borough.

BOROUGH – Felton Borough, York County, Pennsylvania.

CODES ENFORCEMENT OFFICER (hereinafter called C.E.O.) - An individual employed by the Borough to administer and to enforce this and other ordinances in the Borough.

COMMUNITY SEWAGE SYSTEM – Any system, whether publicly or privately owned, for the collection of sewage or industrial wastes of a liquid nature from two or more lots, and the treatment and/or disposal of the sewage or industrial waste on one or more of the lots or at any other site.

COMMUNITY SEWERAGE SYSTEM – A community sewage system which uses a method of sewage collection, conveyance, treatment and disposal other than renovation in a subsurface absorption area, or retention in a retaining tank.

COUNCIL – The Borough Council of the Felton Borough, York County, Pennsylvania

DEP - The Department of Environmental Protection of the Commonwealth of Pennsylvania or any successor agency.

EXPERIMENTAL SEWAGE SYSTEM – A method of on-lot sewage treatment and disposal not described in the regulations promulgated in this ordinance or in the Pennsylvania Sewage Facilities Act which is proposed for the purpose of testing and observation.

IMPROVED PROPERTY - Any property within the Borough upon which there is erected a structure intended for continuous or periodic habitation, occupancy or use by human beings or animals and from which structure sewage shall or may be discharged.

INDIVIDUAL SEWAGE SYSTEM – A system of piping, tanks or other facilities serving a single lot and collecting and disposing of sewage in whole or in part into the soil or into any waters of this Commonwealth or by means of conveyance to another site for final disposal.

LAND DEVELOPMENT - A land development as defined in the Pennsylvania Municipalities Planning Code, Act of July 31, 1906 78, P.L. 805, No. 247, as amended, 53 P.S. Section 10101 *et. seq.*

LOCAL AGENCY – The Borough of Felton .

LOT – A portion or part of a subdivision or land development plan or parcel of land used or intended to be used for building or construction purposes, whether immediate or in the future.

**MALFUNCTION** - The condition occurring, when an on-lot sewage disposal system, causes pollution to the ground or surface waters, contamination of private or public drinking water supplies, nuisance problems or hazards to public health. Any treatment tank or holding tank observed to be leaking, or any instance where any sewage is backing up to a building connected to the system is considered a malfunction. Any component in a treatment tank or septic system that is broken or deteriorated is considered a malfunction. Systems shall be malfunctioning if any of the conditions noted above occurring for any length of time during any period of the year.

**MANAGEMENT PROGRAM** - The program established by this ordinance shall encompass all areas of the Borough serviced by on-lot sewage facilities or any alternative system which discharges into the soils of the Borough.

**OFFICIAL SEWAGE FACILITIES PLAN** – A comprehensive plan for the provision of adequate sewage disposal systems adopted by the Council and approved by the Pennsylvania Department of Environmental Protection (DEP), pursuant in the Pennsylvania Sewage Facilities Act.

**ON-LOT SEWAGE DISPOSAL SYSTEM** – Any system for disposal of domestic sewage involving treatment and subsequent disposal of the clarified sewage into a subsurface soil absorption area or retaining tank; this includes both individual and community sewage systems.

**ON-LOT SEWAGE MANAGEMENT GROUPS** – Any area or areas of the Borough designated in the Official Sewage Facilities Plan or part of this ordinance or on a map as adopted by the Borough Council as an area for which a Sewage Management Program shall be implemented.

**OWNER** - Any person holding legal or equitable title to lands or a Lot within the Borough.

**PERSON** – Any individual, association, public or private corporation for profit or not for profit, partnership, firm trust, estate, department, board or any other legal entity whatsoever, which is recognized by law as the subject of rights and duties. Whenever used in any clause prescribed and imposing a penalty or imposing a fine or imprisonment. The term Person shall include the members of an association, partnership or firm and the officers of any public or private corporation for profit or not for profit.

**PLANNING MODULE FOR LAND DEVELOPMENT** - A revision to, or exception to the revision of, the Borough Official Plan submitted in connection with the request for approval of a subdivision or land development in accordance with DEP Regulations.

**PLOT PLANS** – A plan depicting the division or re-division of a Lot or Lots, tracts or parcel of land into two or more Lots, tracts, parcels or other divisions of land; this includes a plan which depicts changes in existing lot line boundaries.

**PUMPER/HAULER** - Any Person, company, partnership or corporation which engages in cleaning community or Individual Sewage Systems and transporting the septage removed from such systems.

**REHABILITATION** - Work done to modify, alter, repair, enlarge or replace an existing On-Lot Sewage Disposal System.

**REPLACEMENT AREA** - An area designated as the future location of an individual on-lot sewage system that shall be installed should the initial individual on-lot system installed or to be installed fail or otherwise become inoperable and which shall meet all the regulations of the DEP and all applicable Borough ordinances for an individual on-lot sewage system, and shall be protected from encroachment by an easement noted on the Final Plan as recorded in the Office of the Recorder of Deeds of York County.

**SEPTAGE** - The residual scum and sludge pumped from an on-lot sewage disposal system.

**SEWAGE** - Any substance that contains any of the waste products or excrement or other discharge from the bodies of human beings or animals and any noxious or deleterious substances being harmful or inimical to the public health or to animal or aquatic life or to the use of water for domestic water supply or for recreation. The term includes any substance that constitutes pollution under the Act of June 22, 1937, known as "The Clean Streams Law," as amended. (35 P.S. 691.1 *et seq.*)

**SEWAGE ENFORCEMENT OFFICER** – An official of the Local Agency who reviews permit applications and sewage facilities, planning modules, issues permits as authorized by the Act and Ordinance and conducts investigations and inspections that are necessary to implement the Act and Ordinance and the regulations there under.

**SEWAGE MANAGEMENT PROGRAM** – A comprehensive set of legal and administrative requirements encompassing the requirements of this Ordinance, the Sewage Facilities Act, the Clean Stream Law, the regulations promulgated there under and such other requirements as adopted by the Felton Borough Council to effectively enforce and administer the ordinance.

**SINGLE AND SEPARATE OWNERSHIP** - The ownership of a Lot by one or more Persons which ownership is separate and distinct from that of any abutting or adjoining lot.

All other words and terms used in this Ordinance shall have the meanings as set forth in "Chapter 71 & 72 & 73, Standards for Sewage Disposal Facilities: of Code 25, Rules and Regulations, Department of Environmental Protection." Any term not defined herein shall have the meaning subscribed to it under the Sewage Facilities Act and the regulations promulgated pursuant to it.

#### Section 5. Applicability.

The provisions of this Ordinance shall apply to all persons owning Improved Property or a Lot in the Borough serviced by an individual On-Lot Sewage Disposal System or community sewage system, and to all Persons installing, altering, repairing, rehabilitating or replacing such systems. In order to facilitate the administration and implementation of the Ordinance the Borough is divided into four (4) On-Lot Sewer Management Groups.

#### Section 6. Sewage Permit Requirements.

(a) No Person shall install, construct or request bid proposals for construction or alter an Individual Sewage System or community sewage system or construct or request bid proposals for construction or install or occupy any building or structure for which an Individual Sewage System or community sewage system is to be installed without first obtaining a permit indicating that the site and the plans and specifications of such system are in compliance with the provisions of the Act, the regulations adopted pursuant to the Act and the provisions of this Ordinance.

(b) No building permit shall be issued by the Borough or its C.E.O. for a new building which will contain sewage generating facilities until a valid sewage permit has been obtained from the Borough's certified Sewage Enforcement Officer (hereinafter called (S.E.O.)).

(c) No building permit shall be issued and no work shall begin on any alteration or conversion of any existing structure, if said alteration or conversion will result in the increase or potential increase in sewage flows from the structure, until the Borough C.E.O. and the structures owner receive from the borough's S.E.O, either a permit for alteration or a replacement of the existing sewage disposal system or written notification that such a permit will not be required. In accordance with Chapter 73 regulations, the certified S.E.O. shall determine whether the proposed alteration or conversion of the structure will result in increased sewage flows.

(d) Sewage permits may be issued only by a certified S.E.O. employed by the Borough, for that express purpose. The DEP shall be notified by the Borough as to the identity of its currently employed certified S.E.O.

(e) No sewage permit may be issued unless proof is provided that the owner of record has owned the lot since May 15, 1972, or that planning in accordance with the Act for that Lot has been provided by the Borough.

(f) No final approval of a subdivision or land development plan may be granted until planning in accordance with the Act is approved by the Borough.

(g) Soil Fracturing is not permitted

#### Section 7. Treatment Tank Access.

(a) Access to each tank or compartment of the tank shall be provided by a manhole of at least 20 inches square or in diameter, with a removable cover. The top of the tank containing the manhole or the top of the manhole extension shall not be more than 12 inches below grade level. If access is extended to grade, the access cover shall be airtight and 2" above grade. Grade level access covers shall be secured by bolts or locking mechanism, or have sufficient weight to prevent access by children.

(b) The ground shall slope away from any access extended to grade level.

(c) Inspection Port. A maximum 4-inch diameter inspection port with sealed cover shall be installed to grade level above the inlet tee.

#### Section 8. Replacement Area.

(a) Requirements

(i) After the effective date of this Ordinance, a replacement area for an individual on-lot sewage system shall be required for all lots to be created which are not serviced, or to be serviced, by a community sewerage system and did not previously have a permit issued for installation of an on-lot sewage system. Lots existing prior to the effective date of this Ordinance shall be exempt from the requirements of this Section.

(ii) The replacement area provided shall comply with the regulations issued by the Department as incorporated into this Ordinance concerning individual on-lot sewage systems, including isolation distances, and with the provisions of this Ordinance and any other applicable borough ordinances.

(iii) Allowance of open land for the Replacement Area without testing performed or observed by the S.E.O. shall not constitute compliance with the requirements of this Section.

(b) Identification of Replacement Areas

(i) The location of the initial individual on-lot sewage system and the Replacement Area as confirmed by the S.E.O. shall be identified on the plot plans and diagrams submitted as part of the permit application.

(ii) If the application has been submitted as a part of an application for subdivision, or land development approval or as part of a request that the municipality approve a Planning Module or amend its Official Plan, or a request for an exemption to the revision of the Official Plan, the location of each initial on-lot sewage system and each Replacement Area shall be noted upon the plans. A permanent easement shall be added to the plans stating that no improvements shall be constructed upon the Replacement Area, and the deed to be recorded for each lot created as part of the subdivision or land development shall contain language reflecting this limitation.

(iii) Any revisions to a permit or plan affecting a Replacement Area which has been approved pursuant to the provisions of this Ordinance shall be reviewed for approval by the Council or its authorized representative.

(c) Construction Restrictions

(i) The easement for the Replacement Area noted upon the Plan and recorded with the County Recorder of Deeds shall state that no permanent or temporary improvements of any character, other than shallow-rooted plant matter, shall be installed or constructed on the Replacement Area.

(ii) This provision shall be enforced by the Borough unless the Person who desires to construct such improvements shall demonstrate to the satisfaction of the S.E.O. that an alternate Replacement Area which complies with all other applicable municipal ordinances, exists upon the lot. If such an alternate Replacement Area shall be identified, the alternate Replacement Area may be considered to be the

Replacement Area by this Ordinance and shall be designated as the Replacement Area. The newly designed Replacement Area shall thereafter be considered the Replacement Areas for the purpose of this Ordinance.

#### Section 9. Inspections.

(a) Any On-Lot Sewage Disposal System may be inspected by the Borough's Authorized agent at any reasonable time after the effective date of this Ordinance, providing one or more of the following applies: (i) sufficient evidence of a potential problem. (ii) sufficient evidence of a malfunction, such as odors emitted or surface malfunction, such as lush grass in the area of the drain field or any other indication of equipment or system failure, (iii) there exists another reasonable basis for inquiry, or (iv) the inspection is part of the program set forth herein.

(b) The inspection may include a physical tour of the Improved Property, the taking of samples from surface water, wells, or other ground water sources, the sampling of the contents of the sewage disposal system itself and/or the introduction of traceable substances into the interior plumbing of the structure served (providing a responsible resident/owner, over the age of eighteen (18) is present) to ascertain the path and ultimate destination of the wastewater generated in the structure.

(c) The Borough's authorized agent shall have the right to enter upon land for the purposes of inspections described above. Any Person who shall deny or in any way impede Borough's inspections shall be subject to the penalties prescribed in Section 18 of this Ordinance.

**(d) A four year cycle with approximately one fourth of the effected Inspections will be performed on facilities each year. Initial inspections by the Borough pursuant to this Ordinance shall be conducted as follows:**

- (i) Group No. 1 during the calendar year 2008; and
- (ii) Group No. 2 during the calendar year 2009; and
- (iii) Group No. 3 during the calendar year 2010; and
- (iv) Group No. 4 during the calendar year 2011.

Inspections of the Groups shall continue on this cycle for the years thereafter.

**Any Improved Property scheduled for inspection in a given year which shall remain uninspected, at the end of August of that year, shall be inspected as soon as practicable during the next three months. An Owner who does not comply with in the scheduled period shall be subject to a penalty fee set by the Borough annually. If they continue noncompliance, they shall be subject to penalties as defined in Section 18 of this ordinance.**

(e) A schedule of routine inspections may be established by the Borough, if necessary, to assure the proper function of the systems in the Borough.

**(f) A copy of the inspection report shall be furnished to the Owner and the Borough which shall include the following information; date of inspection; name**

**and address of the system Owner; and the status of the septic system – either functioning or malfunctioning in the comment section along with any other relevant comments. A copy of the inspection reports will be forwarded to the Borough's S.E.O. for follow up action as needed.**

Section 10. Operation.

(a) No Person shall operate and maintain an On-Lot Sewage Disposal System in such a manner that it malfunctions. All liquid wastes, including kitchen, laundry wastes and water softener backwash, shall be discharged to a treatment tank. No sewage system shall discharge untreated or partially treated sewage to the surface of the ground or into the waters of the Commonwealth of Pennsylvania unless a permit to discharge has been obtained from the Department and verified by the Borough.

(b) Only normal domestic wastes shall be discharged into any on-lot sewage system. The following shall not be discharged into the system:

- (i) Industrial wastes.
- (ii) Automobile oil and other non-domestic oil.
- (iii) Toxic or hazardous substances or chemicals, including but not limited to: pesticides, disinfectants, acids, paints, paint thinners, herbicides, gasoline and other solvents.
- (iv) Clean surface or ground water, including water from roof or cellar drains, springs, basement sump pumps and French drains.

(c) Any system found to have a defective component will be required to have that component corrected in conformance with present DEP regulations.

Section 11. Maintenance.

(a) Any Person owning a building served by an On-Lot Sewage Disposal System shall have the septic tank pumped by a licensed Pumper/Hauler after the effective date of this Ordinance based upon the following schedule:

- (i) Properties located in Group No. 1 to be pumped by the end of August 2008.
- (ii) Properties located in Group No. 2 to be pumped by the end of August 2009.
- (iii) Properties located in Group No. 3 to be pumped by the end of August 2010.
- (iv) Properties located in Group No. 4 to be pumped by the end of August 2011.

Each group will be scheduled for a pump out and inspection every 4 years in the order listed above.

All Pump outs must be made thru the man hole. If a tank does not have a man hole, a man hole shall be cut into the lid and an extension to 2" above grade shall be installed

Notwithstanding the provisions of this subsection (a) of this section, if any Person owning such building shall produce satisfactory documentary evidence to the Borough that the septic tank has been pumped within a two (2) year period prior to the effective

date of this Ordinance, such pumping shall not be required until on or before the third anniversary of such prior pumping.

(b) After the initial pumping of the septic tank as required by subsection (a) of this Section, the removal of Septage or other solids from septic tanks shall be performed once every four (4) years, or whenever an inspection program reveals that the treatment tank or tanks are filled with solids in excess of one-third (1/3) the liquid depth of the tank or filled with scum in excess of one-third (1/3) the liquid depth.

(c) The Borough may allow septic tanks to be pumped out at less frequent intervals when the owner can demonstrate to the Borough that the system can operate properly without the need of pumping for a period longer than four (4) years, but in no case shall such period extend beyond six (6) years. Such a request may be made at any time, and must be in writing, with all supporting documents attached. The Council, in making its determination, shall take into account the information submitted by the applicant, the sewage permit issued by the Borough S.E.O upon installation or rehabilitation of the system, and supporting documentation, reports of inspection and maintenance of the system, and other relevant information, and may conduct an on-site inspection. The applicant shall bear the cost of any inspection, surface or subsurface, and soil or wastes sampling conducted for the purpose of evaluating the request. The applicant shall receive a decision within ninety (90) days of request.

(d) The required pumping frequency may increase at the discretion of the Borough if the septic tank is undersized, if solids buildup in the tank is above average, if the hydraulic load on the system increases significantly above average, if a garbage grinder is used in the building, if the system malfunctions or for other good cause shown (as determined by the S.E.O and approved by the Council).

(e) Any person owning a building served by an on-lot disposal system containing an aerobic treatment tank shall follow the operation and maintenance recommendations of the equipment manufacturer. In no case may the service or pumping interval for aerobic treatment tanks exceed that required for septic tanks.

(f) The Borough may require additional maintenance activity as needed including, but not necessarily limited to: cleaning and unclogging of piping; servicing and repair of mechanical equipment; leveling of distribution boxes, tanks and lines, removal of obstructing roots or trees; the diversion of surface water away from the disposal area; etc. Repair permits issued by the certified S.E.O. must be secured for these activities.

#### Section 12. Proof of Compliance with Required Sewage Pump-out.

(a) Each time a septic tank or other subsurface waste disposal system tank is pumped out as required by Section 11 of this Ordinance, the Owner shall submit to the Borough a signed copy of Proof of Compliance with Required Sewage Pump-Out form. The form shall be supplied by the Borough. The Pump out shall be completed within 60 days of the notice to pump.

(b) In addition to the Proof of Compliance form, the Owner shall also submit a copy of the York County Solid Waste and Refuse Authority Sludge/Septage Manifest supplied by the Pumper/Hauler.

### Section 13. Rehabilitation.

(a) Any On-Lot Sewage Disposal System or component thereof found to be malfunctioning shall be repaired, modified or replaced pursuant to direction of the Borough or its Authorized Agent and to correct the conditions causing the malfunction. Rehabilitation shall be performed in accordance with "Chapter 73, Standards for Sewage Disposal Facilities" of Title 25, Rules and Regulations, Department of Environmental Protection. The borough S.E.O shall inspect the rehabilitated On-Lot Sewage Disposal System and certify its compliance with local and state standards.

### Section 14. Liens.

(a) The Borough, upon written notice from the S.E.O. that a serious health hazard exists due to failure to maintain, repair or replace an On-Lot Sewage Disposal System as provided under the terms of this Ordinance, shall have the authority to perform or contract to have performed, the work required by the S.E.O. The Owner shall be charged for the work performed and, if necessary, a municipal lien shall be entered therefore in accordance with law.

### Section 15. Disposal of Septage.

(a) All Septage originating within the Borough shall be disposed of at the Borough's wastewater treatment facility and or any other permitted disposal site.

### Section 16. Administration.

(a) The Borough shall fully utilize those powers it possess through enabling statutes and ordinances to effect the purposes of this Ordinance.

(b) The Borough shall employ qualified individuals to carry out the provisions of this Ordinance in accordance with the regulations contained in Chapter 72 of the Pennsylvania Code, Section 42. Those employees shall include a certified S.E.O. a C.E.O. (if necessary), a secretary an administrator or other persons as required. The Borough may also contract with private qualified persons or firms as necessary to carry out the provisions of this Ordinance.

(c) All permits, records, files and other written material relating to the installation, operation and maintenance and malfunction of On-Lot Sewage Disposal Systems shall become the property of the Borough. Existing and future records shall be available for public inspection during normal business hours at the official Borough office. All records pertaining to sewage, permits, building permits, occupancy permits and all other aspects of the Borough's On-Lot Sewage Management Program shall be made available, upon request, for inspection by a representative of the Department.

(d) The Council shall establish all administrative procedures necessary to properly carry out the provisions of this Ordinance. These procedures may be implemented by duly authorized action of the Council, by subsequently adopted resolution, or by amendment of this Ordinance.

(e) The Council shall establish a fee schedule, which may be amended from time to time, and subsequently collect fees, to cover the cost to the Borough of administering this program.

#### Section 17. Appeals.

(a) Appeals from decisions of the Borough authorized agents, under this Ordinance shall be made to the Council in writing within thirty (30) days from the date of Notification of the decision in question. All appeals shall be heard in accordance with Chapter 72, Sections 26, 27 and 28 of Title 25 of the Pennsylvania Code.

(b) The appellant shall be entitled to a hearing before the Council at its next regularly scheduled council meeting. If the appeal is received within fourteen (14) days of the next regularly scheduled meeting, the appeal shall be heard at the next subsequent regularly scheduled meeting. The Borough shall thereafter affirm, modify or reverse the aforesaid decision. The hearing may be postponed for good cause shown by the appellant or the Borough.

(c) A decision shall be rendered in writing within forty-five (45) days of the date of the hearing. If a decision is not rendered within forty-five (45) days, the relief sought by the appellant shall be deemed granted.

#### Section 18. Penalties.

Any person failing to comply with any of this Ordinance shall be subject to a fine of not less than five hundred dollars (\$500.00) and costs, and not more than one thousand dollars (\$1,000.00) and costs. All fines and penalties collected for the violation of this Ordinance shall be paid over to the Borough treasury. Proceedings for the violation of this Ordinance and for the collection of fines and penalties imposed thereby may be commenced by warrant, or by summons, at the discretion of the District Justice before whom the proceedings is begun. Upon judgment against any Person by summary conviction, or by proceedings by summons on default of the payment of the fine or penalty imposed and the costs, the defendant may be sentenced and committed to the York County Jail for a period not exceeding five days. Each day of noncompliance shall be considered a separate offense. The Borough shall be entitled to collect any fees or costs incurred, including but not limited to those of its staff, agents, representatives, S.E.O., C.E.O., Borough Engineer, and Borough Solicitor.

#### Section 19. Pre-emption.

The provisions of the Act and any regulations adopted by the DEP pursuant to the Act shall pre-empt the provisions of the Ordinance to the extent that the provisions of the Act or DEP. regulations are more stringent than the provisions of this Ordinance. In all other cases, the provisions of this Ordinance shall prevail.

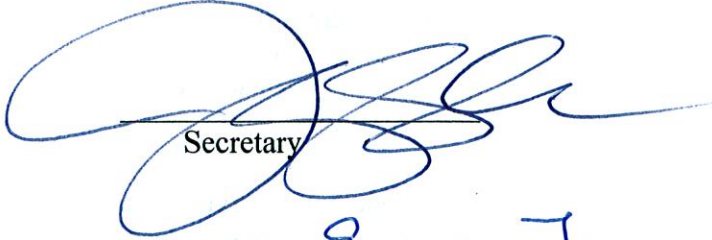

#### Section 20. Repealer.

If any section or clause of this Ordinance shall be adjudged invalid, such adjudication shall not affect the validity of the remaining provisions which shall be deemed severable there from.

ENACTED and ordained this 2<sup>nd</sup> day of June, 2008.
